

# “Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

## GENERAL TIMETABLE (version: 7<sup>th</sup> June 2024)

Day	8:00	9:00-10:30	10:30-11:00	11:00-12:30	12:30-13:30	13:30---			17:00-18:00	18:00 - 21:00
Tuesday 2th July	8:00 Accreditation	Early Research Workshop	Coffee Break and Poster Sessions	Early Research Workshop	12:00 Special parallel activity: Setha Low, at Club of Rome, Palau Macaya	Free time			Accreditation UB-Historical Building	Opening Ceremony.  <i>Keynote Speaker - Hartmut Günther.</i>  Welcome Cocktail
	8:30 -9:00 Welcome	Parallel Paper Sessions		Parallel Paper Sessions	Network meetings					
Wednesday 3th July	8:30	9:00-10:30	10:30-11:00	11:00-12:30	12:30-13:30	13:30-14:30	14:30-16:00	16:00-16:30	16:30-18:00	18:00---
Location: Faculty of Law	Accreditation	Parallel Paper Sessions	Coffee Break and Poster Sessions	Symposiums	<i>Keynote speaker – Setha Low</i>	Lunch	Parallel Paper Sessions	Coffee Break and Poster Sessions	Special Activities	Outdoor activities
Thursday 4th July	8:30	9:00-10:30	10:30-11:00	11:00-12:30	12:30-13:30	13:30-14:30	14:30-16:00	16:00-16:30	16:30-18:00	18:00---
Location: Faculty of Law	Accreditation	Parallel Paper Sessions	Coffee Break and Poster Sessions	Symposiums	<i>Keynote speaker – Si-Min Bian</i>	Lunch	Parallel Paper Sessions	Coffee Break and Poster Sessions	Special Activities	Outdoor activities  21:00 Official Dinner & Hall of Fame
Friday 5th July	8:30	9:00-10:00	10:00-10:30	10:30-11:30	11:30-12:30	12:30-13:30			13:30	
Location: Faculty of Law and City Center	Accreditation	Parallel Paper Sessions	Coffee Break and Poster Sessions	<i>Keynote speaker – Antonio Turiel</i>	IAPS Annual General Meeting	Closing Ceremony. <i>Keynote Speaker – Tim Creswell</i>			Farewell Brunch	

## “Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

### GENERAL TIMETABLE

TUESDAY 2TH JULY				
<p><b>Plenary Session 1: “Tracing the Historical Trajectory of People-Environment Studies from the XIX Century to the Present”</b> <i>by Hartmunt Günther, Psychologist. University of Brasilia (18:00h)</i></p>				
	9:00-10:30	11:00-12:30	12:30-13:30	18:00-21:00
Location	EARLEY RESEARCH WORKSHOP/ PARALLEL PAPER SESSIONS	EARLEY RESEARCH WORKSHOP/ PARALLEL PAPER SESSIONS	NETWORK MEETINGS	OPENING CEREMONY UB-Historic Building
Room 1	1.1. Climate Change and sustainability - Changing human behavior (A)	1.1. Climate Change and sustainability - Changing human behavior (B)	N1. Children, Youth and Environments	<p><b>Welcome address (UB):</b> <i>Dr. Joan Guàrdia-Olmos, Rector of University of Barcelona (UB)</i></p> <p><b>Conference Presentation:</b> <i>Enric Pol &amp; Angela Castrechini, 28<sup>th</sup> IAPS Conference Organizing Committee</i></p> <p><b>Welcome address (IAPS):</b> <i>Adina Dimitru – IAPS President. International Association of People-Environment Studies</i></p> <p><b>Plenary Session 1: Inaugural keynote:</b> “Tracing the Historical Trajectory of People-Environment Studies from the XIX Century to the Present” <i>by Hartmunt Günther, University of Brasilia</i></p> <p><b>Closing the session:</b> <i>MH Sr. David Mascort Subiranas, Minister of Climate Action, Food and Rural Agenda, Catalan Government.</i></p> <p><b>Cocktail Reception:</b> <i>Historic University Garden</i></p>
Room 2	2.1. Restoration and health	2.2. Restorative environments	N2. Communication and Technology & Place	
Room 3	2.13. Urban and building design and uses	2.14. Environmental Impacts on Adult Well-being and Health	N3. Culture and Space	
Room 4	3.1. Citizenship, social movements and environmental activism	3.2. Collective action, environmental volunteering and education	N4. Education	
Room 5	4.1. Place attachment and place identity	4.2. Gentrification, touristification and urban transformations	N5. Environment and Gerontology	
Room 6	5.1. Wayfinding and accessibility	6.4. New technologies communication, virtual spaces & AI	N6. Housing	
Room 7	<b>EARLEY RESEARCH WORKSHOP</b>	<b>EARLEY RESEARCH WORKSHOP</b>	N7. Place Attachment	
Room 8			N8. Restorative Environments	
Room 9			N9. Sensory Environments	
Room 10			N10. Sustainability	
			N11. Urban Morphology	

## “Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

### GENERAL TIMETABLE

WEDNESDAY 3TH JULY				
<p><b>Plenary Session 2: “Place attachment in a virtual time. Effect on ecological behavior”</b> by Prof. Setha Low, Anthropologist. Public Space Research Group at The Graduate Center, City University of New York (CUNY) (12:30h)</p>				
	9:00-10:30	11:00-12:30	14:30-16:00	16:30-18:00
Location	PARALLEL PAPER SESSIONS	SYMPOSIUMS	PARALLEL PAPER SESSIONS	SPECIAL CALLS
Room 1	1.1. Climate Change and sustainability - Changing human behavior (C)	SY.1-1-Understanding everyday circularity: behaviours and contextual change	1.9. Risks and hazards: Plastics and Microplastics	SA.1 Street pacification and Tactical Urbanism. Pacification of streets, green axes, superblocks and green inside blocks
Room 2	1.2. Food consumption, sustainable diets & planetary health	SY. 1-3-Sustainable future: the role and perspectives of agribusiness supply-chain actors	2.5. Environmental Sensoriality and Its Psychological Impact	SA.2 Climatic Shelters
Room 3	1.3. Green lifestyle & consumption (A)	SY. 2-1-Restorative environments (REN I)	2.6. Safety in Urban Environments: Lighting, Perception, and Design	SA.3 Urban renewal and Participation
Room 4	2.3. Biophilia: Human-Nature Interactions and Perceptions	SY. 2-5-Psychological benefits of positive soundscapes	3.3. Justice, social equity, local knowledge and transdisciplinarity in environmental decision-making	SA5. Rural-urban migrations. Social dynamics and urban development
Room 5	2.4. Environmental Impacts on Health and Well-being Across Lifespan	SY. 2-6-Indoor and Outdoor School Environment Impact on Students’ Cognition, Affect, Socialization, and Well-Being	4.3. Meanings of place	SA.8 Virtual reality, AI & Environment
Room 6	6.1. Representation and Social Construction of Realities	SY. 3-1 Fostering socially innovative & empowered energy transitions to sustainability	6.3. Uncertainties of science, ecoanxiety and solastalgia	SA.13 - Physical space of the workplace, health and burnout
Room 7		SY. 4-1-Place dispossession: micropolitical approaches to spatial injustice in neoliberal times		SA.15 - Sustainable lifestyles, biodiversity and health.

## “Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

### GENERAL TIMETABLE

THURSDAY 4TH JULY				
<b>Plenary Session 3: “Strolling, Flexibility, Co-Construction, and Diversity: The Shift in Public Space Construction in Contemporary Chinese Urban Growth”</b> <i>by Prof. Si-Min Bian, Architect. School of Landscape Architecture, Beijing Forestry University, China (12:30h)</i>				
	9:00-10:30	11:00-12:30	14:30-16:00	16:30-18:00
Location	PARALLEL PAPER SESSIONS	SYMPOSIUMS	PARALLEL PAPER SESSIONS	SPECIAL CALLS
Room 1	1.4. Designing built and natural environments	SY.1-2-Contextual drivers for sustainable behaviours: Social-psychological research and interventions to promote sustainability	1.6. Policy Pathways, Strategies and Trust in Institutions	SA.4 - Nature Based Solutions (NBS)
Room 2	1.5. Energy production and consumption	SY. 1-4-Psychological well-being in the local landscape of changing climate and biodiversity	1.7. Risks and hazards: Heatwaves	SA.6. Strategies for community involvement and environmental volunteers
Room 3	2.7. Greening the City: Sustainable Practices, Perceptions, and Policies	SY. 2-2-Research from the Restorative Environments Network: the role of gender, race, and other person-factors (REN II)	2.8. Urban Nature: Enhancing Well-being, Resilience, and Equity	SA.7- Transdisciplinary Advancing Capacity for Climate and Environment
Room 4	2.10. Housing and Health	SY. 2-3-Green infrastructure and urban greening: the intersection of ecological benefits, social impacts, governance and environmental justice	2.11. Social Transformation in Urban Environments	SA.9 RISK, RISK PERCEPTION, FLOODING AND COASTAL PHENOMENA
Room 5	3.6. Participatory approaches, risk management and environmental decision-making	SY. 2-4-Big City Life: a multi-disciplinary lens to investigate people-place relationships in urban contexts	3.4. Environmental justice in residential areas, green spaces and renewable energy issues	SA.11 – Ecoanxiety, Health effects of Contact with Nature
Room 6	4.4. Reshaping places	SY. 4-2-Environmental Psychology and Ethical-Political Suffering: Struggles for Territory in Latin America	3.5. Participatory design, co-design and well-being	SA.14 - International and global research for sustainability transitions: a cross-disciplinary approach
Room 7	5.3. Modal choice & sustainable mobility	SY. 4-3-Overcoming physical, social and psychological barriers to enhanced engagement with urban nature: Experiences from the GoGreenRoutes Project	4.6. Methods and empirical approaches to place	

# “Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

## GENERAL TIMETABLE

<b>FRIDAY 5TH JULY</b>				
<p><b>Plenary Session 4:</b> “Critical visions for a positive – Actions” by <i>Antonio Turiel, Physicist. Institute of Marine Sciences-CSIC, Barcelona (10:30h)</i></p> <p><b>Plenary Session 5:</b> “Mobility and Local Governance: Addressing Climate Change Challenges” by <i>Tim Cresswell, Geographer. University of Edinburgh (12:30h)</i></p>				
	9:00-10:00	10:30-11:30	11:30-12:30	12:30-13:30
Location	PARALLEL PAPER SESSIONS	PLENARY SESSION	PLENARY SESSION	CLOSING CEREMONY
Room 1	1.3. Green lifestyle & consumption (B)	<p><b>Plenary Session 4:</b> “Critical visions for a positive – Actions” by <i>Antonio Turiel, Institute of Marine Sciences - The Spanish National Research Council (CSIC), Barcelona</i></p>	<p><b>IAPS Annual General Meeting</b></p>	<p><b>Plenary Session 5: Closing keynote:</b> “Mobility and Local Governance: Addressing Climate Change Challenges” by <i>Tim Cresswell, University of Edinburgh</i></p> <p><b>Evaluation and Implications of Conference Contributions:</b> 1. Adina Dimitru, IAPS President, Members of the Organizing and Scientific Committees 2. Representatives from Club of Rome, Greenpeace, and other supporting organizations or companies</p> <p><b>Farewell and next IAPS Conference:</b> <i>Enric Pol, Angela Castrechini, Adina Dimitru</i></p>
Room 2	1.8. Risks and hazards: Floods & Coast			
Room 3	1.10. Protecting nature			
Room 4	2.9. Nature Exposure Benefits			
Room 5	2.12. Virtual Reality in Urban Innovation			
Room 6	2.15. Nature exposure, mental health and well-being			
Room 7	4.5. Power, politics and people-place relations			
Room 8	5.4. Urban Mobility: Public Transport and Community Engagement			
Room 9	6.2. Sources of information, credibility and communication management			

## “Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

<b>SYMPOSIA (SY)</b>		
<b>TOPIC 1: CLIMATE CHANGE AND SUSTAINABILITY - CHANGING HUMAN BEHAVIOR</b>		
<b>03-jul</b>	<b>SY.1-1-Understanding everyday circularity: behaviours and contextual change</b>	
<b>11:00-12:30</b>	<b>Covener:</b>	<b><i>Tony Craig</i></b>
<b>Room 1</b>	Alice Hague	Being circular in a linear economy: perspectives from practitioners
	Altamash Bashir	Consumer behavioral plasticity in the circular economy across diverse geographical regions
	Jianyu Chen	Social representations of everyday circularity: for a better understanding of ideas and practices related to circular economy
	Kathryn Colley	Conceptualising everyday circularity and behaviour change for the circular economy
	Patrick Elf	Towards circular consumer and business behaviours: advancing the circular economy by bridging the business-customer divide.
	Tony Craig	Modelling antecedents to circular behaviours: an empirically grounded approach using psychological values
	Wouter Poortinga	Circular economy in the community: a qualitative study into sustainable models for repair and reuse hubs in Wales
<b>04-jul</b>	<b>SY.1-2-Contextual drivers for sustainable behaviours: Social-psychological research and interventions to promote sustainability</b>	
<b>11:00-12:30</b>	<b>Covener:</b>	<b><i>Mauro Bertolotti</i></b>
<b>Room 1</b>	Alessandro Milani	Who accepts and why do people accept (or refuse) sustainable (mitigation and adaptation) energy technologies? Understanding the role of beliefs and attitudes through multiple approaches
	Mauro Bertolotti	Are individual differences the key to unlock sustainable individual behaviour? The effects of message framing in personalised communication
	Mauro Bertolotti	Environmental messages to promote sustainable seafood choices: An exploratory mobile app intervention
	Alessandro Milani	The Normative Influence in Corporate Environmental Responsibility: Creating a Sense of Organizational Belonging in Promoting Pro-Environmental Attitudes
	Mirella de Falco	Cultivating shared ownership: Empowering communities for agrivoltaics adoption in Italy
<b>03-jul</b>	<b>SY. 1-3-Sustainable future: the role and perspectives of agribusiness supply-chain actors</b>	
<b>11:00-12:30</b>	<b>Covener:</b>	<b><i>Valentina Maria Merlino &amp; Patrizia Catellani</i></b>
<b>Room 2</b>	Alessandro Sciullo	Defining and purchasing Local Products: individual profiles and eating styles
	Giulia Mastromonaco	From shelves to consumer: the scenario of plant-based beverage in the Italian market

## “Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Antonina Sparacino	Sustainable choices in a globalized agri-food market: consumer preferences and certification impact on avocado and banana consumption
	Chiara Costamagna	Mountain animal production: from an ancient breeding practice to sustainable food for new consumption styles. Socio-cultural assessment of hikers' behavior through the study of ecosystem services.
	Giovanna Sacchi	Exploring the nexus of circular economy practices in consumers' food coops: a theoretical contribution
<b>04-jul</b>	<b>SY. 1-4-Psychological well-being in the local landscape of changing climate and biodiversity</b>	
<b>11:00-12:30</b>	<b>Covener:</b>	<b>Maria Johansson</b>
<b>Room 2</b>	Cecilia Stenfors	The role of greenspace qualities at the nexus of human health and environmental sustainability and resilience to climate change and biodiversity loss
	Hanna Andersson	Barriers and enablers to engaging in urban greening - reviewing climate policies in five cities across Europe
	Marlis Wullenkord	Talk it out: Coping with climate change and biodiversity loss in private-sphere conversations
	Walter Osika	New Approaches to Addressing Climate Change and Biodiversity Loss: A Study on trainable/modifiable determinants of Pro-Environmental Attitudes and Behaviour
	<b>TOPIC 2: NATURAL AND URBAN ENVIRONMENTS – THE TRANSITIONS OF CITIES</b>	
<b>03-jul</b>	<b>SY. 2-1-Restorative environments (REN I)</b>	
<b>11:00-12:30</b>	<b>Covener:</b>	<b>Marilisa Herchet</b>
<b>Room 3</b>	Dovile Barauskaite	To Be Good Enough: The Positive Effects of Nature on Body Image Perceptions and (Consumer) Decision Making
	Eleanor Ratcliffe	Favourite outdoor places in the UK and Finland: relationships between place type, features, and restoration outcomes
	Melissa Marselle	The effect of forest biodiversity on short-term mental health and well-being
	Topaz Shrestha	The Natural World Around Me: A Qualitative exploration of young people's environmental perceptions and relationship to nature. Symposium 'Restorative Environments (REN I)'
	Yannick Joye	A choice experiment into the reward value of viewing natural environments
<b>04-jul</b>	<b>SY. 2-2-Research from the Restorative Environments Network: the role of gender, race, and other person-factors (REN II)</b>	
<b>11:00-12:30</b>	<b>Covener:</b>	<b>Anna Bornioli</b>
<b>Room 3</b>	Anna Bornioli	The role of gender and other person-factors in restorative environments research: a research agenda
	Birgitta Gatersleben	Gender, fear and restoration in nature
	Everly Jazi	Marginalized Community Members' Views of Nature and Mental Health Equity

## “Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Giulio Faccenda	The consequences of gender-environment fit on well-being, gender role norms, and environmental behaviors in gendered urban spaces
	Thomas Morton	Social meanings shape the perception of restorative environments
<b>04-jul</b>	<b>SY. 2-3-Green infrastructure and urban greening: the intersection of ecological benefits, social impacts, governance and environmental justice</b>	
<b>11:00-12:30</b>	<b>Covener:</b>	<b>Hien Pham</b>
<b>Room 4</b>	Charlotte Lemieux	Neighbourhood-Level Changes to Active Travel Behaviour Relative to New Green Space, Active Travel Infrastructure, and Gentrification
	François Bérubé	Reducing our ecological footprints and greening the city: what is the coherence between pro-environmental behaviour and citizen involvement in green infrastructure in Quebec?
	Lisa Abou Rjeily	Governance, uses and perception of green alleys: A comparative analysis of projects implemented in Montreal, Quebec City and Trois-Rivières, Canada
	Lorien Nesbitt	Practitioner perspectives on green gentrification: A Canadian analysis
<b>04-jul</b>	<b>SY. 2-4-Big City Life: a multi-disciplinary lens to investigate people-place relationships in urban contexts</b>	
<b>11:00-12:30</b>	<b>Coveners:</b>	<b>Oriana Mosca and Marco Boffi</b>
<b>Room 5</b>	Marco Boffi	exp-EIA: a mobile app for a participatory approach to urban design
	Oriana Mosca	Is it better to journey together or alone? Walklet: a territorial game to promote positive people/place relationships in the Is Mirrionis neighborhood (Cagliari, Sardinia).
	Silvana Mula	Biophilia in the Molentargius-Saline Regional Park: attitudes and social representations of pink flamingos
	Oriana Mosca	Assessing urban walkability through Walking Focus Group Approach: a Proof of Concept
	Nicola Rainisio	Is street art an effective tool for urban regeneration? A psycho-social longitudinal analysis on a changing neighborhood in Milan (Italy).
<b>03-jul</b>	<b>SY. 2-5-Psychological benefits of positive soundscapes</b>	
<b>11:00-12:30</b>	<b>Covener:</b>	<b>Sarah Payne</b>
<b>Room 4</b>	George Murrell	Links between soundscapes, psychological restoration, and pro-environmental behaviour intentions.
	Jake Benfield	Do anthropogenic sounds diminish stress recovery? A laboratory test of U.S. National Park soundscapes
	Jivantika Satyarthi	Creating positive, nature-induced soundscapes in urban residential neighbourhoods via Sustainable Drainage Systems
	Konrad Uebel	Restorative perceptions of natural soundscapes: Relationships with acoustic complexity and anthropogenic noise
	Sarah Payne	Encouraging children’s connection to nature via listening to their everyday external soundscapes

## “Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Yasushi Suko	A positive feedback loop vs. diminishing returns: Two factors may affect the self-reported restorative effects of repeated listening to natural sounds
<b>03-jul</b>	<b>SY. 2-6-Indoor and Outdoor School Environment Impact on Students’ Cognition, Affect, Socialization, and Well-Being</b>	
<b>11:00-12:30</b>	<i>Covener:</i>	<i>Marino Bonaiuto</i>
<b>Room 5</b>	Ferdinando Fornara	Outdoor green vs. indoor school activities: differences in teachers’ psychological responses
	Giulia Vettori	The relation between indoor classroom acoustics, children’s well-being and learning. The results of an interdisciplinary research-intervention project
	Lucia Mason	Green and Gray: Students’ Benefits of School Lessons in a Natural Environment
	Marino Bonaiuto	Impact of outdoor school-based nature education programs on environmental literacy, identity and well-Being: examples from preliminary data on secondary school students
	<b>TOPIC 3: PARTICIPATION, CITIZENSHIP AND ENVIRONMENTAL JUSTICE</b>	
<b>03-jul</b>	<b>SY. 3-1 Fostering socially innovative &amp; empowered energy transitions to sustainability</b>	
<b>11:00-12:30</b>	<b>Coveners:</b>	<b>Adina Dumitru &amp; Christian Klöckner</b>
<b>Room 6</b>	Jennifer Senick	Data and Simulation Tools for Community Energy Planning Processes: How does a local community chart a path towards building decarbonization if baseline data for existing conditions do not exist?
	Luisa Losada Puente	Citizen empowerment and community engagement through energy communities
	Adina Dumitru	Psychological factors and processes influencing social acceptability of social innovations in energy transitions
	Bozana Vrhovac	Participatory Visioning For Energy Transition
	Christian Klöckner	On the cultural sensitivity of psychological interventions to increase energy efficiency of households
	<b>TOPIC 4: PLACE ATTACHMENT - SPACE, GENDER AND POST-COLONIALISM</b>	
<b>03-jul</b>	<b>SY. 4-1-Place dispossession: micropolitical approaches to spatial injustice in neoliberal times</b>	
<b>11:00-12:30</b>	<b>Covener:</b>	<b>Andrés Di Masso</b>
<b>Room 7</b>	Cristina Pradillo-Caimari	Opposing residential dispossession: How housing struggles affect people-place bonds?
	Hector Berroeta	Subjective Dynamics of Place Dispossession Due to Urban Deterioration
	Laia Aleu Barnadas	"Ultimately, we all want the experience of moving to the city": Navigating the boundaries between choosing to leave and place dispossession
	Raúl Solano	Collective action frames of the housing movement in Barcelona: politicizing sense of place

## “Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Valeria Santoro Lamelas	Neoliberal health and its implications in place dispossession dynamics in gentrified spaces
<b>04-jul</b>	<b>SY. 4-2-Environmental Psychology and Ethical-Political Suffering: Struggles for Territory in Latin America</b>	
<b>11:00-12:30</b>	<b>Covener:</b>	<b>Catalina Ramírez</b>
<b>Room 6</b>	Laís Pinto de Carvalho	At Risk of Being Weaponized : Toward a Political Lens on Place Attachment
	Helga von Breyman	Psychosocial implications of homemaking process in public space: the experience of homeless people
	Helga von Breyman	Discrimination experiences linked to the production of Public Housing in Costa Rica
	Catalina Ramírez	Territorialities in conflict: ethical-political suffering in struggles for artisanal fishing territory on the Brazilian coast
	Catalina Ramírez	“Comadreando” in the face of dispossession: Exploring the relations between home, body, and territory of Chaitenian women
<b>04-jul</b>	<b>SY. 4-3-Overcoming physical, social and psychological barriers to enhanced engagement with urban nature: Experiences from the GoGreenRoutes Project</b>	
<b>11:00-12:30</b>	<b>Covener:</b>	<b>Cassandra Murphy</b>
<b>Room 7</b>	Cassandra Murphy	The development of a nature relationship scale - Using a Modified-Delphi methodology
	Evelise Pereira Barboza	Green spaces as urban assets for health promotion and health equity
	Giovanna Calogiuri	Reconnecting citizens to nature through virtual reality: viability of the GoGreenRoutes' Virtual Reality Experiential Showcase
	Kalyn Potter	A Gendered Perspective of Perceptions of Safety in Greenspace: a systematic review
	Maria Fernandez de Osso Fuentes	A place branding approach to digital placemaking for nature and wellbeing through a modified Delphi.

## “Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	<b>SPECIAL ACTIVITIES (SA): Symposiums on...</b>	
	<b>SC1: Special Call-1 – International Transdisciplinary Research</b>	
	<b>SC2: Special Call-2 – Applied research and urban projects. Comparing experiences and effects.</b>	
<b>03-jul</b>	<b>SA.1 Street pacification and Tactical Urbanism. Pacification of streets, green axes, superblocks and green inside blocks</b>	
<b>16:30-18:00</b>	<b>Institutional Participation:</b>	
<b>SC2, Topic 2</b>	Street pacification and Tactical Urbanism. Pacification of streets, green axes, superblocks and green inside blocs. Barcelona experiences	
<b>Room 1</b>	Maria Buhigas, chief architect, BCN City Council	
	Angel Martin Cojo, prof Architecture, La Salle. University Ramon Llull	
	Critics and non-favorable neighborhood representative	
	<b>Received Proposals</b>	
	Pablo Villar	The impact of proximity to amenities on housing affordability. Insights from Mediterranean 15-minute cities. (effects on Price & gentrification. Comparison BCN-Valencia Palma and Granada)
	Oriol Marquet	The Superblock Effect: Urban Design and its Electoral Repercussions in Barcelona
	Samuel Nel-lo	Too many cars versus too many people? Examining residents’ views of Barcelona’s new pedestrian green axes. (N=1200 habitants Eixample. 2023)
	Brendan Stewart	Paradise in a Parking Lot: unlocking the vibrancy of the suburban public realm through pop-up gathering places.
	<b>Outdoor activities:</b>	
	Visit 1. Superblocks: Mercat de Sant Antoni	
	Visit 2. Pacification of streets: Consell de Cent Street	
<b>03-jul</b>	<b>SA.2 Climatic Shelters</b>	
<b>SC2, Topic 2</b>	<b>Institutional Participation:</b>	
<b>Room 2</b>	Barcelona's climate shelter program	
	Irma Ventayol, Director climate change office, Barcelona City Council.	
	Barcelona Climatic Shelters at 5 minutes walking	
	<b>Received Proposals:</b>	
	Ruth Rae	Green Sustainable Cities: Principles, Practices and Policies.
	Lena Lehrer	Blossoming Resilience – Exploring the perception and function of green spaces during heat waves in Germany.
	Kimberly Doell	The Manylabs Climate Collaboration: Testing the efficacy of 11 behavioral interventions to promote climate action in 63 countries

## “Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	<b>Outdoor activities:</b>	
	Visit 3. Sant Martí Neighborhood. Library Gabriel García Márquez	
	Visit 4. Gracia Neighborhood. Library Jaume Fuster and Plaça Lesseps	
<b>03-jul</b>	<b>SA.3 Urban renewal and Participation</b>	
<b>SC2, Topic 3</b>	<b>Institutional Participation:</b>	
<b>Room 3</b>	Laura Sunyer, Sant Cugat City Council. (Pending confirmation)	
	Introducing sustainability criteria to municipal ordinances, for urban renewal	
	Ruben D. Fernandez & Moises Carmona. Coop ETCS (Sustainable Community Transformation Strategies) & University of Barcelona	
	Communitarian participation in urban renewal. Experiences in Torre Baró and Nou Barris	
	<b>Received Proposals:</b>	
	Seungkwang Shon	Scenario study for DB and GIS construction and remodeling of old apartments (For local governments in Korea, Gwangju Metropolitan City)
	Aura Hernandez	Experimentation of a Participatory Methodology for Change Facilitation in Co-producing Public Spaces Among Elected Officials, Technicians, and Citizens of the City of Miramas for Climate Change Resilience.
	Laura Benitez	Transforming cities: citizen participation in urban planning
	Adriana Portella	Urban walkographies in the confines of South America: creating clues for public policies with traditional communities that inhabit the margins of cities in Brazil and Argentina (municipalities of Pelotas, Marabá, and Comodoro Rivadavia.)
	<b>Outdoor activities:</b>	
	Visit 5. Gracia Neighborhood. Plaça Lesseps and Vallcarca urban renewal	
	Visit 6. Torre Baró and Nou Barris	
<b>04-jul</b>	<b>SA.4 - Nature Based Solutions (NBS)</b>	
<b>SC1, Topic 2</b>	Ferdinando Fonara. Coordinator. University of Cagliari, Italy	
<b>Room 1</b>	The "Coevolvers" project approach to nature-based solutions.	
	A transdisciplinary and transnational Project. An international program.	
	<b>Presenters:</b>	
	Ann Ojala	Natural Resources Institut Finland (Luke)
	Himansu Mishra	Natural Resources Institute Finland (Luke)
	Tomáš Szabo	Slovak Academy of Sciences, Slovakia

## “Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Leanne Townsend	James Hutton Institute. Estonia
	Elena Gorriz	Consorti Centre de Ciència i Tecnologia Forestal de Catalunya (CTFC)
	<b>Outdoor activities:</b>	
	Visit 7. Plaça Glòries, Green urban spaces, DHub Disseny Hub Barcelona	
	Visit 8. Green Corredors: Pg. Sant Joan, Arc de Triunf, Parc de la Ciudadela	
<b>03-jul</b>	<b>SA5. Rural-urban migrations. Social dynamics and urban development</b>	
<b>SC1, Topic 2</b>	<b><i>Institutional Participation:</i></b>	
<b>Room 4</b>	Some not collected yet, Pending to be specified	
	Antoni Remesar & Tomeu Vidal. Research Center POLIS. University of Barcelona	
	The case of Memory Wall and cheap houses, at the Bon Pastor neighborhood, Barcelona	
	<b><i>Received Proposals:</i></b>	
	Supporting Sustainable Urban Transformation in Cambodia: The Build4People Project:	
	Jan-Peter Mund	Citizen Science APP: Improving the Urban Quality of life in Phnom Penh
	Anke Bloebaum	A survey on Urban Quality of life in Phnom Penh
	Michael Waibel	Ecocity Transition Lab Series: an participatory planning tool
	<b>Outdoor activities:</b>	
	Visit 9. Ciutat Vella District, Rambla del Raval	
	Visit 10. Bon Pastor Neighbourhood	
<b>04-jul</b>	<b>SA.6. Strategies for community involvement and environmental volunteers</b>	
<b>SC2, Topic 3</b>	<b><i>Institutional Participation:</i></b>	
<b>Room 2</b>	Some not collected yet, Pending to be specified	
	<b><i>Received Proposals:</i></b>	
	Marta Benages	Evolving life experiences and underlying psychological drivers throughout life stages of environmental volunteers.
	Erica Löfström	A stepwise methodology to join and support neighborhoods' engagement and interest in climate change related processes
	Christina Barz	Group Identity, Group Emotions, and Group Efficacy Beliefs in Collective Environmental Action: A Scoping Review
	Tânia R. Santos	Youth climate activism in the Portuguese countryside: continuities and discontinuities in claims and performances of the movement
	<b>Outdoor activities:</b>	

## “Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Visit 11. La Fábrica del Sol, Barceloneta
	Visit 12. Centro de la Playa de la Barceloneta / Anèl·lides, servicios ambientales marinos
<b>04-jul</b>	<b>SA.7- Transdisciplinary Advancing Capacity for Climate and Environment</b>
<b>SC1, Topic 1</b>	<b>Institutional Participation:</b>
<b>Room 3</b>	Row 0: Arnau Querat. (Heat of Advisory Board Sustainable Development, Catalan Government)
	<b>Presenters:</b>
	Reflections on (co-)producing, exchanging and using environmental social science knowledges across transdisciplinary contexts: Panel discussion hosted by ACCESS. (Advancing Capacity for Climate and Environment Social Science). A UK Project.
	Sarah Golding   School of Psychology, University of Surrey
	Steven Guilbert   Department of Geography, University of Exeter
	George Warren   School of Psychology, University of Surrey
	Clare Twigger-Ross   Eunomia
	Birgitta Gatersleben   School of Psychology, University of Surrey
	<b>Outdoor activities:</b>
	Visit 13. Visit 22@ district, Superblok of Poble Nou
<b>03-jul</b>	<b>SA.8 Virtual reality, AI &amp; Environment</b>
<b>SC2, Topic 2</b>	<b>Institutional Contribution</b>
<b>Room 5</b>	David Gallardo. Vice Dean of Research and Innovation, Faculty of Psychology. UB & Jordi Alberch. Director of the Neurosciences Institute. UB (To be confirmed)
	<b>Received Proposals:</b>
	Olivia McAnirlin   Reimagining end-of-life care: A co-creation odyssey into authentically personalizing virtual nature experiences for transformative farewells to loved places
	Tuomas Kari   Virtual nature environments in promoting psychological stress recovery: A comparison between three different technologies for delivering virtual nature
	ZHENXING HONG   Empowering Collective Housing with Artificial Intelligence: The Future of Collective Living
	<b>Outdoor activities:</b>
	Visit 14. Co-housing: Cooperativa de Vivienda La Borda

## “Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

<b>04-jul</b>	<b>SA.9 RISK, RISK PERCEPTION, FLOODING AND COASTAL PHENOMENA</b>	
<b>SC2, Topic 6</b>	<b>Institutional Participation:</b>	
<b>Room 4</b>	María Carme Llasat Botija	
	Member of CADS (Advisory Board Sustainable Development, Catalan Government) Department of Applied Physics. University of Barcelona.	
	Climate change and coastal risks in Mediterranean Region	
	Josep Hurtado Diaz Coastal Office of Coastal, Climate Change and Sustainability. Barcelona City Council	
	Anna Majó & Martí Andreu Cruellas BCN-Activa. Barcelona City Council	
	Resilience, environmental sustainability, social sustainability, blue economy.	
	A comprehensive explanation of Barcelona's bet.	
	<b>Received Proposals:</b>	
	Alexandra Schleyer	Science–Policy interaction for coastal adaptation and management: is it a match?
	Elsa Giffard	Barriers and drivers to social acceptance of Nature-based Solutions for coastal risk adaptation in Catalonia
	Matt Browning	Leveraging Virtual Reality for Storm Surge Risk Education: Findings from Two Studies in the Southeast U.S.
	Mathew White	“It’s the environment stupid!”: Protecting the marine environment is now more important to citizens across 14 European countries than promoting economic growth
	<b>Outdoor activities:</b>	
	Visit 15. Paseo Marítimo / Port Olímpic	
<b>04-jul</b>	<b>SA.11 – Ecoanxiety, Health effects of Contact with Nature</b>	
<b>SC1, Topic 6</b>	<b>Institutional Participation:</b>	
<b>Room 5</b>	Pilar Vendrell Department of Climate Action, Food and Rural Agenda. Catalan Government	
	Health and Nature Program of the Catalan Strategy for Natural Heritage and Biodiversity.	
	David Gallardo & Jordi Renom. Neurosciences Intitut. University of Barcelona	
	Blue Therapies	
	Montse Subirana. Berguedà Development Agency (Regional Administration). FEDER Fund Interregional Program Spain-France-Andorra (POCTEFA 2014-2020)	
	“Improve Mind” in the “Way of Good Men” (“Melhorament” al Camí dels Bons Homes)	
	<b>Received Proposals:</b>	

## “Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Marie-Laure Parmentier	Nature Connectedness, Eco-Anxiety and Pro-Environmental Engagement: Unraveling Patterns in the General Population and Urban Forest Planting Participants
	Elena Slominski	Mapping the transition to climate-smart healthcare: A geospatial analysis of green hospitals
	Valeria Vitale	Review of Psychological Parameters as Certification Criteria for Health Parks: Preliminary Experimental Study on Selected Indicators
	<b>Outdoor activities:</b>	
	Visit 16. Hospital Sant Pau / Jardins del Doctor Pla i Armengol	
	Visit 17. Parc Central de Poble Nou	
<b>03-jul</b>	<b>SA.13 - Physical space of the workplace, health and burnout</b>	
<b>SC1,2, Topic 2</b>	<b>Institutional Participation:</b>	
<b>Room 6</b>	Maria José Martí. Catalan Government. (to be confirmed)	
	Criteria applied in the creation of a new area of administrative offices of the government. Implications of the combination of face-to-face work and telework.	
	Mar Farre & Manel Bestraten. MIESES Global (non-profit association)	
	Optimizing the workplace and sustainability on companies. Reconnecting work with nature	
	<b>Received Proposals:</b>	
	Clara Weber	The Impact of Sensory Processing on Office Workers' Well-being, Burnout Symptoms, and Satisfaction in Diverse Office Environments
	Shokatsu Chen	Influence of other user's presence in the office lounge with the natural environment
	Susanna Toivanen.	Green Walls at Workplaces: Key Considerations for Implementation – A Pilot Study indoor air-purifying green walls
	<b>Outdoor activities:</b>	
	Visit 18. Zona Franca y Distrito Administrativo de la Generalitat de Catalunya	
	Visit 19. Edifici MediaTIC, Poble Nou	
<b>04-jul</b>	<b>SA.14 - International and global research for sustainability transitions: a cross-disciplinary approach</b>	
<b>SC1, Topic 1</b>	<b>Ricardo Garcia Mira, (Coordinator). University of A Corunha</b>	
<b>Room 6</b>	Necessity of trans-disciplinary collaborations between social and hard sciences	
	An inter and trans-disciplinary dialogues for the co-production of knowledge, and the introduction of changes in governance.	
	Nora Rätzzel	Dilemmas and perspectives of trade union environmental policies in the global north and south
